

# BRAND KINETICS

ENERGIZE YOUR BRAND. BUILD MOMENTUM. EXCEED YOUR GOALS.

## ABOUT US

Bouvier Kelly is a full-service marketing agency based in Greensboro, North Carolina. Since 1974, we've focused on building long-lasting client relationships and delivering thoughtful, impactful work. We are driven by curiosity, honesty and a wholistic approach to marketing.

## OUR PHILOSOPHY

For starters, we believe that the whole purpose of this crazy industry is to get your name in lights — not ours. We have always sought to work *\*with\** our clients, never just *\*for\** them. We are as excited when you come up with a great idea as when we do. We believe you've got to see the forest and the trees. We believe in the power of digital marketing, but we also know a well-placed outdoor board can be an effective component of many campaigns.
